ROLL NO: 231901044 **NAME: SABTHAGIRI A**

Experiment 1

Establishing the GRC Hierarchy – Authority Documents & Policies

Aim

To establish the GRC hierarchy in Eramba by creating and managing organizational authority documents and security policies.

Procedure

1. Login to the Eramba Dashboard.
2. Navigate to Control Catalog → Policies.
3. Select CSV Import and upload the prepared policy file.
4. Import the required security and governance policies.
5. Verify the imported policies in the Policies list.
6. Open a policy and review its details, status, version, and content.

Output

Twenty security and governance policies were successfully imported and displayed in Eramba.
